# MOBILE MALL MAP

Now you can access the West Edmonton Mall Map from the convenience of your Palm hand held organizer! With the new Mobile Mall Map you can quickly locate any of the more than 800 shops and services at West Edmonton Mall. Carry the Mobile Mall Map with you wherever you go or load it prior to your next visit to West Edmonton Mall! Simply follow the instructions below to install your copy of the West Edmonton Mall Map on your Palm organizer. Make sure you come back to this site often to download the latest code and to receive an updated list of all the stores and services at West Edmonton Mall.

Once you are at West Edmonton Mall please visit our "beaming" stations located at Guest Services and Visitor Information Centre. Our staff would be glad to freely assist in updating or downloading the Mobile Mall Map onto your Palm or PocketPC device.

If you have any questions or comments, please email [map@westedmontonmall.com](mailto:map@westedmontonmall.com)

## For Palm OS

**Important Note:** If you are running the full version, you must set the color depth to black and white for this application. While the application is running, click on the menu option (bottom left circle on your palm screen), choose Options, Java

[Palm](#) If your Palm is not already Java Enabled. See [How to tell if your Palm is Java Enabled](#) in our FAQ

- Download the West Edmonton Mall Map:
  - [Full Version](#)  
Memory requirements - 170K
  - [Smaller Version](#)  
Memory requirements - 140K. This light version has less features
  - **Note:** You can also beam the map from another Palm that has the map installed. See [How to beam](#) in our FAQ
- Install both on your Palm by using Hotsync or another technology. See [How to install](#) in our FAQ.
- Run the map by selecting WEMMap.
- When you run the Full Version of the map, you can zoom in to see the exact store location. You can navigate this map by tapping on the screen to scroll, or by using the navigation buttons at the bottom of your Palm.

**For Windows CE devices / Pocket PC devices**

### To Enable Java on your device if it is not already enabled:

- Install the Jeode Java Plugin included on your Pocket PC CD if it is not installed already
- Go into Programs, Jeode, and Tap Enable Jeode Plugin if you have not done so already

### First Time Install:

- Connect your device to a PC
- Right click on the following files and choose Save Target As... for [wemmap.html](#) and [wemmaplight.jar](#)
- Save the files to your mobile device by selecting Mobile Device. If Mobile Device does not appear save the files to your computer, and then copy them over to your Mobile Device using Windows Explorer
- On your mobile device, choose File Explorer and tap on the file wemmap.html
- While the map is running, choose the favorites folder at the bottom of the screen and add the WEMMap to your favorites
- To run the map again, just start Internet Explorer, and choose WEMMap from your favorites
